

Programme of the mid-term ERA-IB evaluation meeting

9.00 – 9.30 Welcome

Session I. Chairman: Ian Fotheringham

9.30-9.55 Novel enzyme tools for production of functional oleochemicals from unsaturated lipids (ERA-NOEL; EIB.08.002)

Project coordinator: Johanna Buchert

9.55-10.05 Discussion

10.05-10.30 Integrated, multi-host approach for the improved microbial production of high quality therapeutic enzymes and proteins (IMAPROT; EIB.08.007)

Project coordinator: Antonio Villaverde

10.30-10.40 Discussion

10.40-11.10 Coffee break

Session II. Chairman: Klaus Vorlop

11.10-11.35 Bio-based production of chemical building blocks: *Corynebacterium glutamicum* as a platform for new and efficient bioprocesses

(BioProcChemBB; EIB.08.008)

Project coordinator: Bernhard Eikmanns

11.35-11.45 Discussion

11.45-12.10 Production and upgrading of 2,3-butanediol from biomass (PUBB; EIB.08.012)

Project coordinator: Ulf Priesse

12.10-12.20 Discussion

12.30-14.00 LUNCH

Session III. Chairman: Daniel Ramón

14.00-14.25 Enzyme production in optimized *Streptomyces* (EPOS; EIB.08.013)

Project coordinator: Eric Vijgenboom

14.25-14.35 Discussion

14.35-15.00 Implementing an enzyme engineering technology platform for the provision of tailor-made enzymes to biocatalytic synthesis (EngBioCat; EIB.08.016)

Project coordinator: Marc Struhalla

15.00-15.10 Discussion

15.10-15.40 Coffee break

Session IV. Chairman: Bruno Ferreira

15.40-16.05 Improvement of strength properties and reduction of emission of volatile organic compounds by enzymatic modification of lignin (VOC reduction of lignin containing materials; EIB.08.025)

Project coordinator: Christian Wilhelm

16.05-16.15 Discussion

16.15-16.40 Targeting population heterogeneity at microscale for robust fermentation processes (POPCORN; EIB.08.031)

Project coordinator: Anna Eliasson Lantz

16.40-16.50 Discussion

16.50-17.15 General issues

17.15 End of the meeting

This is a closed meeting and all the scientific, technical, industrial or commercial information received in conjunction with this evaluation process must be handled as strictly confidential. All attendees must sign a declaration of confidentiality.
